We are in the initial planning stages of confirming all the tents for our event and so we would like to invite you to review the invite that is attached and consider being a part of this premiere oilfield event.

The **OTS BBQ Blowout & Tent Party** is a premier event that allows organizations like yours the following business opportunities in a very unique and cost-effective manner:

- Customer appreciation and entertainment
- Employee involvement and appreciation
- Industry Networking

Each tent is provided with a generic sign with a company name (along with items listed on the invite) and each tent will be judged by their food and theme that they choose, and we would like to encourage a lot of creativity & fun within each tent. However, just a reminder, we *do not* allow any company equipment, product or brochures/flyers within the tent.

There will be “NO ALCOHOL” served at the tents this year due to strict AGLC rules. All alcohol must be purchased through the beer garden. Discount tickets will be available to all tents, but must be purchased in advance.

Attached you will see the official invite that has the information as to what we will provide for your tent, pricing and most importantly the **DEADLINE** to confirm your spot.
